### Daoist Yoga: Alchemy of Baguazhang with Tom Watson and Richard Thomas

Sun 24 Sept, 29 Oct, 10 Dec

10am - 1pm £30/20

Preparatory sequences and circle-walking designed to improve the strength and structure of the body. We will study movement and stillness based around the central 'axis' of the body, the pole that connects Heaven (yang) and Earth (yin) through us. The practice balances the energies and forces within us by deepening the connection of mind and body. In circle-walking, the more dynamic aspect of the practice, our movements create a spiral-type vortex with powerfully transformative effects.
